Please contact the Project Sponsor for details regarding the allocated generation credited to your account. You receive allocated generation produced by ME CDG 008 LLC.

Here you can see the name of the solar farm you are subscribed to.

Your community solar credits appear under the Allocated Generation section of the table on Page 2 of your electricity bill.

Note that this indicates the amount of energy your allocation of the solar farm generated for the month, displayed as kilowatt-hours (kWh). Your solar kilowatt hour credits are deducted from the kilowatt hours that CMP bills you for.
